

Dear Open Records Officer,

Pursuant to the Georgia Open Records Act (O.C.G.A. § 50-18-70 et seq.), I am writing to formally request the inspection and copying of all public records, as defined by O.C.G.A. § 50-18-70(b)(2), regarding proposed hyperscale cloud, artificial intelligence (AI), or data center developments within _____, Georgia.

To ensure compliance and prevent any omission of responsive documents, this request explicitly encompasses all forms of written and electronic media, including but not limited to: formal applications, preliminary site plans, plat maps, letters of intent, non-disclosure agreements (NDAs), economic development incentive agreements, memoranda of understanding (MOUs), intergovernmental agreements, email correspondences, text messages, and calendar invitations held by any county or city commissioner or council member, planning official, county or city administrator, or county or city staff member.

Scope of Request:

Please provide all records generated, received, transmitted, or archived from **July 1, 2025, through the date of processing this request**, that contain, refer to, or discuss any of the following terms or subjects:

1. Any data center campus proposal or communications
1. Any records containing the terms: "**Project**" (regardless of the specific codename used to mask corporate identity), "**Hyperscale**", "**Data Center**", "**Technology Campus**", "**Mission Critical facility**", "**Cloud Infrastructure**", "**Server Farm**", "**Colocation**", "**Annexation**", "**PILOT**", "**Feasibility Study**", "**High Performance Computing**", or "**Cryptomine or crypto-mining**".
1. Any infrastructure, zoning, or utility capacity evaluations regarding the electrical megawatt (MW) or gigawatt (GW) load or water-cooling demands of an unnamed technology tenant or developer.

No-Loophole Disclosures & Statutory Requirements:

1. **Project Codenames & Trade Secrets:** If these documents are filed under a project pseudonym, alias, or codename to protect corporate identity, this request explicitly demands those responsive files. If any portion is claimed to be an exempt "trade secret" under O.C.G.A. § 50-18-72(a)(34), you are required to produce the non-exempt portions and provide a statutory privilege log.
1. **Drafts and Working Documents:** Pursuant to Georgia law, records cannot be withheld merely because they are labeled as "drafts," "preliminary," or "work-in-

progress," provided they have been received or reviewed by a public official or agency staff.

1. **Electronic Search:** Please ensure a comprehensive search of official county email servers (i.e. @dougherty.ga.us) using the keywords listed above.

Statutory Timeline and Fees:

Per O.C.G.A. § 50-18-71(b)(1)(A), you are required to provide a response within **three (3) business days** of receiving this request, stating whether the records exist and a specific timeline for production.

As provided under O.C.G.A. § 50-18-71(c), please utilize the most economical means available to compile these records. The first 15 minutes of administrative labor must be provided free of charge. If the estimated total administrative or copying fees exceed \$25.00, please provide an itemized estimate for my review before incurring any charges. Thank you for your strict compliance with Georgia law.
